Astronomy Club

Some ideas from the Astronomy club for things to see in the next few weeks whilst confined to barracks:

Things in the Night Sky – April/May

Visible to the West – Venus

Appears as a bright object in the West after sunset. Not as bright as it was recently but easily seen.

April 21-22nd - Lyrids Meteor Shower. Annual event caused by particles of comet C/1861 G1 Thatcher. Expect to see 20 meteors per hour coming from constellation Lyra in the North East

April 23rd & May 22nd – New moon. Weather permitting a good time to go and look for distant objects if you have a telescope

May 4-5th – Eta Aquarids meteor shower. Remains of the comet Halley. Upto 30 meteors an hour.

May 7th – Full Moon, Supermoon. Known by native Americans as the Flower Moon as spring flowers appear in abundance at this time. Also referred to as the Corn Planters Moon or Milk Moon.

May 23rd – Comet Atlas. Newly discovered will make its closest approach to Earth at 72 million miles. Difficult to predict but some think this may be the second brightest object in the sky after the moon.

Lock down Music Quiz!

Can you get the song titles from the clues. They're all vaguely linked to lockdown.

Church Services During Lockdown Period

The church building may be closed, but the Church community continues to meet. We are holding two services per week using video and telephone conferencing.

Services will be at the following times:

- Sunday at 9:15am
- Wednesdays at 7:00pm

Everyone is welcome to join.

You can join via the internet from a computer or smartphone. This is the

best way to join as you will be able to view the order of service on your screen. You can also join via telephone.

Join Via the Internet with these links:

- Sun: <https://meet.google.com/ncu-qhmr-idy>
- Wed: <https://meet.google.com/ejs-jtne-bci>

Joining via Telephone:

Use the number & PIN's below –

Side effect of quarantine is it's really hard to end phone calls. Twice today I almost said "okay I have to run" before realizing there is nowhere to run to

More from the Internet....

let's not forget that rapunzel was quarantined and met her future husband so let's think positively here

Update on Support to Carers Provided by the Carers' Support Service

The situation and the measures taken by support services is changing rapidly in relation to Coronavirus. The Carers' Support Service has taken the difficult step of stopping all face to face contact with Carers and other members of the public.

All appointments and meetings have been cancelled and the Carers' Support Service building is closed to the public.

All Carers who access our support via peer groups, training, workshops and other appointments will have been contacted or will be in the coming days.

Support to Carers will be provided via telephone. Email and text messaging is also an option should Carers prefer to be contacted in this way. If Carers already receive telephone support they will continue to do so. If contact details have changed in the past 12 months, please call us to ensure we have up-to-date details.

We are increasing numbers of Carers we contact. Those who use the support we provide will be offered regular calls during this time. We are also identifying and contacting Carers who care for people in the 'at risk' groups, and those who are at risk themselves.

Should you want to talk to a member of the Carers' Support Service team caring role, please call : 01652 650585 – Weekdays 8am to 8pm. Weekends 10am to 4pm.

If you are concerned your own health or the person you care for call the NHS on 111 or visit : www.111.nhs.uk/covid-19/.

Please continue to follow government and NHS guidance found on the following links:

www.nhs.uk/coronavirus

www.gov.uk/coronavirus

For information Carers will find useful. Visit:

<https://www.carersuk.org/help-andadvice/health/looking-after-your-health/coronavirus-covid-19>

For local advice visit:

Coronavirus Update Hibaldstow Parish Council

Funerals, burials and cremation

Public Health England has now published guidance for care of the deceased with suspected or confirmed coronavirus. The guidance includes important information on how to treat the deceased respectfully to maintain dignity while protecting others from the threat of transmission by using PPE appropriate to the activity in a variety of settings. It also includes advice on maintaining social distancing at funeral services and shielding vulnerable individuals from contact with bodies of those who had confirmed or suspected COVID-19. It outlines that mourners are strongly advised not to take part in any rituals or practices that bring them into close contact with the body of a person who has died from or with symptoms of COVID-19. Faith leaders have been consulted and worked with PHE on the Guidance.

The cemetery in Hibaldstow was closed for a short period, but is now open again, but visitors are reminded to observe social distancing guidelines.

28th in the queue

When we conceived this special issue of the Village Voice the intention was to put a special mention in for any individual or volunteer who has done something above and beyond in this crisis. It's great to write about the outpouring of community spirit and good neighbourliness in these hard times.

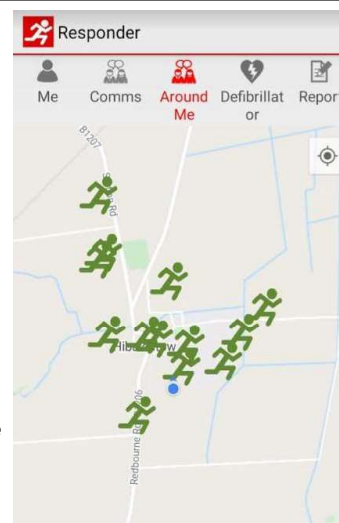

One example is of a request for help for vulnerable parents isolated locally. By the time one of the editors offered to help there was 28 offers of help in the queue before him! Another example came when the Prime Minister asked for 250,000 volunteers nationally, he ended up with over twice that number. If you look on the map of responders locations there appears to be over 20 volunteers in Hibaldstow alone (see picture).

If you replied to any of these calls for help, or delivered prescriptions, did shopping or just contacted a vulnerable resident – THANK YOU SO MUCH

A big hand for the team at the Wheatsheaf & Our Shops

OK, so it's a commercial enterprise, we know that, but when the pub closed for refurbishment at the start of March, this was not the grand reopening Dave and Maggie planned, for sure. A rapidly improvised delivery service for good pub grub has been a lifeline for some elderly residents. It has clearly hit the spot with everyone and demand is amazing. We are surely in for one fantastic party when we can go through the doors of The Wheatsheaf again.

We need to also mention all the staff at Church Street Stores and the Co-op, who have all been working long hours to try and source the things we all need and have been incredibly helpful in supporting vulnerable residents and those who are struggling in these difficult times. Also the pet shop has introduced internet ordering and home deliveries to make sure our pets don't suffer as well.

ARE WE UNIQUE?

From my Hibaldstow hideaway, there's one answer I seek,
The question I ask is "Are we unique?"

Our village has a river, Roman road and rails,
And a rather rare mill, once with water wheel and sails.
Eleven listed buildings, include lime kiln and signal box,
All keeping company with the ducks and peacocks.
We have natural springs, and a very old pub,
We have airfield, a quarry, and War Memorial Club.
A chapel and church, each with meeting halls,
While our very own saint lies within the church walls.
We have a 'DMV'! Evidence is there on the ground –
Gainsthorpe 'deserted mediaeval village', the site has been found.

All these in one village, surely this is be rare!
So I challenge you to find another out there.

By Wendy Wales

Contributions for Future Editions

If this publication has been useful then we're happy to do it again, and try and keep the village abreast of what's happening through this period of lockdown.

To do that we do need your input. We know what we know, but there's lots we don't know! We scour facebook and keep our ears to the ground to pick up any interesting gossip, but if we failed to mention something you think we should have, then it's probably because we didn't know about it!

Please share with us anything you feel may be of interest to others in the village via the contact details at the top of the page.

Thanks, Colin & Alan
